

Model B35 Series

Introduction

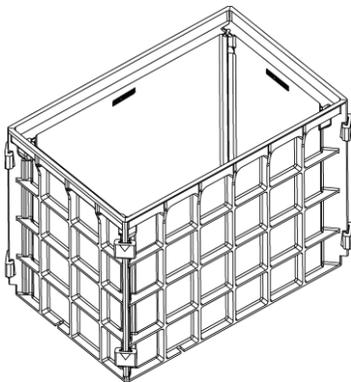

Burch handhole system is designed for underground distribution systems, especially for fiber optical and electricity industries. Manufactured with innovative composite material Burch handholes systems are an ideal solution of strong, light, flexible, time & cost saving comparing to concrete manholes.

Advantages

- Modular design with knock-down delivery and on-site set up
- Strong but light composite material construction
- Cost saving due to light weight, modular design
- Flexible to drill duct access; Duct entry provided
- Durability and resistance of entire construction up to SCTE-77 Tier22

Specifications

B35-4	Manhole	Cover
Load Bearing	SCTE-77 Tier22	SCTE-77 Tier22
Internal size	17x30in	21x32in
External size	22x34in	
Height	24in	2in
Weight	65lbs	48lbs
Fastening	FastClip	S.S Screw

Additional Chamber Height
