

## Model B58-4 Series

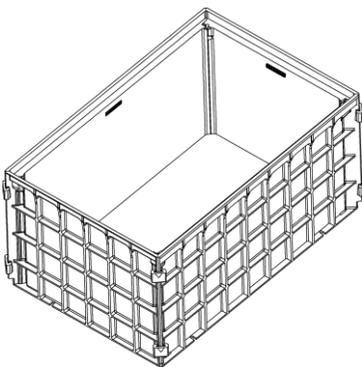

### Introduction

Burch handhole system is designed for underground distribution systems, especially for fiber optical and electricity industries. Manufactured with innovated composite material, making Burch handhole system an ideal solution of strong, light, flexible, time & cost saving comparing to concrete manholes.

### Advantages

- Modular design with knock-down delivery and on-site set up
- Strong but light composite material construction
- Cost saving due to light weight, modular design
- Flexible to drill duct access; Duct entry provided
- Durability and resistance of entire construction up to SCTE-77 Tier22

GW58-6	Manhole	Cover
Load Bearing	SCTE-77 Tier22	EN124-5 B125/D400
Internal size	30x48inch	25x32 inch
External size	34x52inch	
Height	24inch	1.5inch
Weight	100Lbs	66Lbs, 2 lid
Fastening	FastClip	S.S Screw
